APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source and with the understanding that the 2.0 c.f.s. of water diverted will be returned to the source. It is further understood that the 2.0 c.f.s. of water granted herein is only a temporary allowance and that the final water right granted under this permit will be dependant upon the amount of water diverted and used for fish culture. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be included in the proof of such use when filed. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.0 cubic feet per second.

Actual construction work shall begin on or before February 15, 1949.

Proof of commencement of work shall be filed before March 15, 1949.

Work must be prosecuted with reasonable diligence and be completed on or before February 15, 1950.

Proof of completion of work shall be filed before March 15, 1950.

Application of water to beneficial use shall be made on or before February 15, 1951. Proof of the application of water to beneficial use must be filed with State Engineer on or before March 15, 1951.

WITNESS MY HAND AND SEAL this 13th day of July, 1948.
